

Nursing Memorial Book Parameters for Inclusion

Parameters for inclusion:

- The nurse (of any nursing designation e.g. LPN, NP, RN or RPN) will have been registered in British Columbia (*exceptions will be made for nurses whose practice pre-dated 1918 — before registration legislation*).
- The nurse will have practised nursing in the province of British Columbia.
- The nurse should have made a significant and exceptional contribution to nursing in British Columbia in at least three of the areas noted below.
 - Demonstrated a leadership role in their time;
 - Was among the first to act in implementing an innovation in the nursing profession;
 - Carved out a new role for nurses;
 - Was multi-faceted in carrying out their nursing role;
 - Made a difference to the health of the people;
 - Advanced the development of the nursing profession;
 - Created nursing knowledge in one or more domains of nursing — administration, education, practice, research or advocacy;
 - Demonstrated integrity and was honoured in the profession;
 - Visionary or progressive for their time; and
 - Set an example emulated by others.
