

CHANGE DAY BC BACKGROUNDER

To reach out across the province and connect with as many British Columbians involved in health and social services as possible, our partners are key. It is our hope that by collaborating with multiple organizations, professions and individuals we will build momentum and participation in Change Day BC to make it a success and to promote innovation and quality of care in our system.

While the list of partners for Change Day BC is growing daily, the following is the list of current partners for this campaign. An up-to-date listing of partners will be maintained at: <http://changedaybc.ca/partners/>.

- Association of Registered Nurses of BC
- Doctors of BC

The BC Patient Safety & Quality Council (the Council) was created in 2008 to provide a provincial perspective to quality improvement and patient safety activities. The Council is tasked with bringing health system stakeholders together in a collaborative partnership to promote and inform a provincially coordinated, innovative, and patient-centred approach to quality and patient safety in British Columbia.
